Career Summary

Backend-focused developer proficient in **Java** with strong fundamentals in **data structures**, **algorithms**, and **OOP**. Experienced in building **REST APIs** and **deploying containerized applications on the cloud** with familiarity in **SQL/NoSQL databases** and a keen interest in **networking**. Possess strong analytical skills with an adaptable mindset and eagerness to learn new technologies.

Education

B.Tech. Computer Science **Expected: 2027**
JECRC University, Jaipur *CGPA: 9.04*

Sr. Secondary Education **2022**
The Air Force School, New Delhi *Percentage: 82.6%*

Secondary Education **2020**
The Air Force School, New Delhi *Percentage: 92.0%*

Technical Skills

Languages: Java, Python, C++, C, Javascript, HTML, CSS

Databases: MySQL, PostgreSQL, MongoDB, Redis

Frameworks & Tools: Spring Boot, FastAPI, Git, Linux, Docker, GCP, Maven, Apache JMeter, Postman

Libraries: Spring Web, Data JPA, Hibernate, Lombok, Spring WebSocket

Projects

SendDirect | *Java, Spring Boot, WebSocket, WebRTC, Docker, GCP* **May – Jun 2026**

- Developed a peer-to-peer file transfer application using WebSockets for real-time communication, **reducing transfer latency by approximately 35–40 %**.
- Implemented 6-character share code and QR-based session joining, **reducing manual steps** for cross-device file sharing.
- Containerized the application using **Docker** and deployed it on **GCP** for scalable and platform-independent access.

URL Shortener | *Python - FastAPI, PostgreSQL, Redis, Docker, GCP* **May – Jun 2026**

- Developed a scalable URL shortener using **FastAPI** and **PostgreSQL**.
- Integrated **Redis caching** to optimize redirect performance and **reduce database lookups** by approximately **24%**.
- Containerized and deployed the application using **Docker** on **GCP** for scalable backend hosting.

ParallelServe | *Java - Multithreading, Socket Programming* **Apr – May 2026**

- Developed a **multithreaded web server** in Java to handle concurrent client requests efficiently.
- Reduced **average server response time** by approximately **89%**.
- Tested server scalability and performance under concurrent load using **Apache JMeter**.

Experience

Data Analyst Intern **Jan – Mar 2026**
JECRC University Alumni Association *Jaipur*

- Improved alumni **profile data accuracy on the portal by 40 %** through data validation, cleansing, and profile updates.
- **Led a team of 12 core members** by managing responsibilities and coordinating event execution efficiently.
- Managed alumni outreach campaigns, contributing to an estimated **20–25 % increase in response rates**.

Certifications

- **Master Spring and Spring Boot** - Udemy | **(Link)** May 2026
- **Google Cloud Engineering Certificate** - Google Cloud | **(Link)** Oct 2025
- **Google Cloud Computing Foundations Certificate** - Google Cloud | **(Link)** Mar 2025

Achievements

- Solved over **400+** DSA problems across platforms like LeetCode, CodeChef, and HackerRank.
- Ranked among the **Top 50** teams out of 350+ participants in the **Smart India Hackathon 2025**.
